## Photo Presentations

Photo presentations are increasingly popular at a funeral service as a way of celebrating the life of your loved one. It's a wonderful way to show that person's life, from the earliest years right through to the present day. It gives a poignant sense of how this person interacted with friends and family throughout the years.

You can select a range of photos that you would like to share and bring them in to Wollongong City Funerals to have a DVD presentation created for you.

### Showing a Life in Photos – Some Suggestions

- Span the years: photos from babyhood to the date of death.
- Important people: Close family, extended family, friends, mentors, coaches, etc
- Significant events: birthdays, weddings, anniversaries, awards, outings
- Humorous moments: playing with children, dressing up, funny faces, holiday outings
- Sporting affiliations: playing football/tennis/golf; swimming; running etc... team colours
- Mix close-up head-and-shoulders photos with action shots and group photos.

### How Will You Present the Photos?

Think about how you would like the presentation to run: with music (for example, a special song) as a background when mourners come up to pay tribute and remember the deceased? Or would you like the photos to be shown on a screen in the background, with no sound, throughout the service?

As a guide: around 30 photos shown for 5-6 seconds each will generally fit a song around 3 minutes in length. Most popular songs last for this time.

If you have any further questions, contact Wollongong City Funerals to discuss turning your photos into a DVD presentation.
